

THE WORLD OF INTERIORS

March 2007

International designers in the know make it their business to visit Brownrigg in Petworth. Consistently regarded as the best dealer outside London, its showroom is packed with a heady mix of classic antiques, unusual specialist furniture, 18th century paintings, modern art and sculpture. Useful extras such as an antiques finder service make Brownrigg an excellent resource for both professionals and novices. Its new showroom, adjacent to the existing one, is an excellent excuse for a visit.
